**FOR IMMEDIATE RELEASE**

## **MEDIATECH RELOCATES TO LARGER FACILITY**

Holly Hill, FL, March 1, 2002 – Mediatech, Inc., manufacturer of the MT Series of SmartLecterns and the MTXtender family of room and media controls recently relocated from their offices in Ormond Beach to a larger facility in Holly Hill, FL. “Due to increasing orders and new product lines, we really needed more production space”, said company president Fran Markette. “This new facility now gives us that needed space, room for production line streamlining, and a larger demo facility than our old location.” Markette said.

Now headquartered in Holly Hill, Florida, Mediatech is a privately held enterprise principally engaged in the research, design, development, manufacture and integration of advanced electronic presentation and training systems, products and services.
